# New Battery / Electric Power Converter For All Battery Operated AA Movements

Our New “Uninterrupted Powers Sources” are nothing short of amazing. These devices allow you to operate any AA battery clock movement on a standard 110 VAC wall outlet. The new Ni-Cad back up battery is incredible! If there is a power failure, the battery power kicks in and your clock will operate for weeks (if needed) on the battery alone. This is the best of both worlds!

## Description

Our New “Uninterrupted Powers Sources” are nothing short of amazing. These devices allow you to operate any AA battery clock movement on a standard 110 VAC outlet. The new Ni-Cad back up battery is incredible! If there is a power failure, the battery power kicks in and your clock will operate for weeks (if needed) on the battery alone. This is the best of both worlds!
